### "Mix and Mask" program

The new Mix and Mask program at [Hotel 48LEX](#) in Midtown Manhattan invites guests to indulge in the ultimate night in, as each room is equipped with a spa-themed minibar featuring a range of beauty products as well as the ingredients to create craft cocktails. They can choose from 24-karat-gold-infused Knesko Skin collagen masks, Malin+Goetz grapefruit cleanser and rice-bran eye moisturizer, and an Art of Shaving starter kit to pamper themselves while sipping an old-fashioned or spicy margarita made with the bar's selection of premium spirits and custom W&P Design syrups.
